

CORE COMPETENCIES

Sarah Aggrey Consulting Engineers is a certified small business that focuses on technical advisory services for the energy industry.

We draw from 23 years of technical and business success to unify diverse stakeholders.

We deliver efficient, timely, and cost-effective elegant solutions to utilities, independent developers, and government agencies.

Our mission is to provide quality advisory services that our clients value highly and our partners are proud of. We achieve this by creating intelligent solutions that align with our passion for sustainability.

COMPANY PROFILE

Sarah Aggrey Consulting Engineers LLC (SACE) was established in Elk Grove, CA in November 2015 by Sarah Aggrey Majok, an experienced energy industry professional. SACE has now assisted more than twenty-four clients in the energy industry. These clients consist of government agencies, renewable energy development companies, electric utilities, and large multinational consulting firms. Although small, SACE partners strategically with other small companies to ensure we deliver intelligent and comprehensive solutions on a wide range of challenges including renewable generation integration, variable generation strategies, greenhouse gas reduction strategies, and system operations optimization as distributed generation installations increase.

SERVICES

- Transmission Planning & Generator Interconnection Support
- Solar Project Development Support & Due Diligence
- Feasibility Studies
- Regulatory Compliance Support & Training
- Strategic Planning
- Program & Project Management

WHY US?

SACE was built upon five core values: *sustainability, professionalism, integrity, quality, and efficiency*. These values drive every decision we make, consistently leading us to excellence in every aspect of our work. We leverage over two decades of diverse experience and a passion for environmental preservation to provide quality services that exceed our clients' and partners' expectations. At SACE, we hold ourselves to the highest standard and are committed to continuous improvement to provide you with intelligent, high-quality solutions.
